

MENTOR WISE NEWSLETTER

A NEWSLETTER TO KEEP YOU UP TO DATE WITH ALL ACTIVITIES IN MENTOR WISE !

GIRLS DAY OUT

Our mentor from South West London had a day out with her mentees. They loved the sunny weather with a scoop of ice cream.

Celebrating Ramadan

Mentor Wise volunteers and mentees celebrated Ramadan 2022 with joy and excitement. Our mentees welcomed their mentors and friends for iftar at their house. Community iftars have been organised by our supervisors and volunteers. MW Reading branch hosted Enes Kanter Freedom to the local community iftar in partnership with Fellowship Education Society.

During the sacred month of Ramadan, our mentors covered the importance of the holy book Quran, Ramadan, and Charity in mentoring sessions. To teach the fundamentals of Ramadan, the supervisors organised the "Break the Chain" project. Mentees were encouraged to participate in the book reading competition that supervisors selected. Our mentees are equipped for the next Ramadan!

Graduation Ball

A lot of our mentees transferred from College/Sixth Form to University this year! Supervisors from North London arranged a Graduation Ball to relieve stress and share our mentees' happiness.

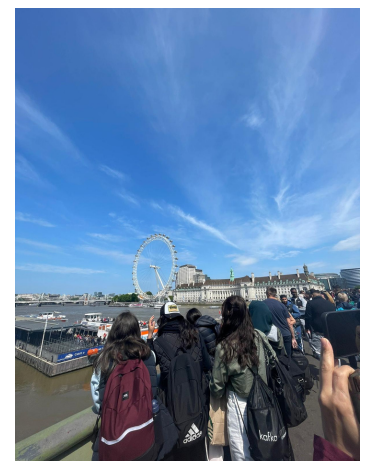

Ohannes Burger

Ohannes Burger, Liverpool branch, opened the doors to our mentees and mentors for the food business and making a healthy burger process experience. They have gained knowledge and enjoyed their delicious burger.

London Trip

Traveling and exploring new places is good for individuals' mental health.

Our supervisor from Hull visited London with her six mentees. For some mentees, it was their first time visiting London. At the same time, the mentees joined personal development training that was hosted by North London volunteers. It was an ideal network event to meet new people and do an icebreaker.

Father and Son Camping

Our volunteers have organised a two-day camp, with our sister organisation Summit Society for our male mentees and their fathers. The camp included personal development activities, sightseeing, and playing games. It was a nice opportunity to celebrate Fathersday.

10-day Balkan Retreat

Supervisors and KS5-UNI mentees from South West London and South England visited the Balkans for a cultural trip and retreat. They have joined the Eid congregation prayer at Tirana square and had a busy retreat schedule at their accommodations.

Summer Retreat

The summer holiday is the best time to organise a residential retreat for KS3-UNI mentees. The mentees and mentors make the most out of it by playing games, arranging outdoor activities, and embracing the sunny weather. In the summer of 2022, MW supervisors and mentors organised residential retreats all over the UK. Mentees prayed in congregation, read books and articles, joined Islamic circles, and personal development activities. It was a superb way to end the academic year!

Paintball

MW Manchester arranged six exciting activities for the youth. KS3-KS5 mentees and their mentors formed competitive teams this time at a paintball activity. This exciting game was participated by a large number of players. They were first trained about the area, rules, and conditions. Later it was time to grab the flag to win after a long struggle between teams.

Picnic

MW Manchester supervisors and mentors organised a picnic for KS3-KS5 mentees. They played games and had delicious homemade food together.

Football

MW is a mentoring organisation that gives importance to mentees' physical health. Our mentors from Manchester arranged a football match for KS3-KS5 mentees during the summer holidays. The mentees enjoyed the game, the refreshments, and the friendly atmosphere.

Camping

Supervisors and mentors from Newcastle had an adventurous two-day summer camp with fifteen mentees.

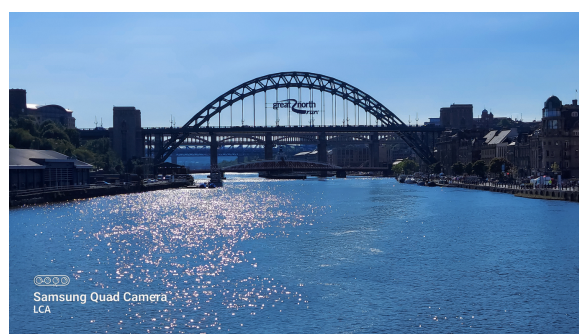

Introducing VOICES organisations

Introducing and raising awareness about the organisations such as Time to Help UK and Mentor Wise to our mentees is an important mission to us. Our volunteers from Newcastle organised an event for the local community and mentees to inform them about the charity, its aims and goals, and its projects.

Photography

Our supervisor from Newcastle arranged photography lessons for the mentees. At the end of the lesson, they picked the best snapshots.

Durham Trip

Durham is a city in North East England that is famous for Durham University. MW Newcastle organised a city trip for KS5 mentees. The trip allowed mentees to explore a new city and one of the best university in the UK.

London Trip

There are many young people in England who did not visit London or any other parts of the UK. As MW, we encourage our volunteers to organise city trips for our mentees. Our supervisor and mentor from Yorkshire organised a 3-day London trip for our KS4 mentees. They loved the historical places and museums.

Reading Rockets Game

Our mentees, parents, and volunteers from Reading supported the Basketball Club Reading Rockets against Team USA. Our beneficiaries had a thrilling time!

Thorpe Park

MW South England organised an activity trip to Thorpe Park. Ten male- seven female mentees from Reading, Oxford, and Swindon joined the activity. Starting the academic year with an exciting trip has motivated the mentees and made them eager to join the following mentoring events.

Basket ball

Thanks to Sport England, our volunteers from Liverpool arrange weekly basketball sessions every Saturday for our male and female mentees. Our Active Youth project supports our mentees' physical and mental health.

Bowling and Pizza

Our mentees from Birmingham enjoyed the day out with their mentor. After a well-played bowling game, a crusty pizza was deserved.

GoBoat Kingston

Our mentees and mentor from South West London had a super exciting time at GoBoat Kingston! Picnic with delicious home-made food and self-drive boating was the best way to welcome autumn

Youth Centre

MW North London started the Youth Centre project for KS3-KS4 mentees in October. Mentees receive spiritual, academic, value, and skill-based mentoring from qualified teachers and mentors! Our staff and volunteers strive for the best and focus on mentees' personal development and education.

YOUTH
CENTRE

Seminars

MW organised online information seminars for our parents/guardians and mentees.
